NEVADA CERTIFICATE OF COMPLIANCE

State of Nevada Department of Taxation-Three Tier System

- Any supplier of alcohol into the State of Nevada must possess a valid Certificate of Compliance license with the State. An application can be downloaded on the NCB site. The application fee is $50 and can be paid by check only.
- All liquor must be distributed to the convention by a Nevada Licensed Wholesale Dealer. If you already work with a Wholesale Dealer in the state of Nevada, please contact them to make arrangements for your delivery.
- If you currently do not have distribution in Nevada and need to work with a temporary Wholesale Dealer, you may contact one of our Wholesale Dealers (below) to appropriately invoice, distribute, and assume tax liability for the liquor to be exhibited at the convention. Exhibitors electing to appoint a Nevada Wholesale Dealer only for this convention should designate the limited appointment by specifying the duration of the appointment on the corresponding LTD08 form when completing the Certificate of Compliance application. Please DO NOT send your shipment to the Wholesale Dealer without contacting them first. Your shipment will be turned away if the Wholesale Dealer is unaware of your arriving shipment.
- Exhibitors should be advised to keep a copy of the Nevada Wholesale Dealer invoices and bill of lading at the exhibition booth.
